

## Professional Malpractice

Professional malpractice is a challenging and technical area of law that almost always involves matters that are extremely important to clients. At Cline, Backus, Nightingale McArthur LLP you can expect skilled lawyers with experience in successful litigation of plaintiff's cases. We work closely with leading experts to carefully assess and develop each file, while communicating the progress of the case to clients every step of the way.

Our service in professional malpractice matters includes:

- Physicians
- Dentists
- Engineers
- Teachers
- All professionals

For all inquiries relating to pursuing or defending professional malpractice or negligence claims, contact Robert J. Nightingale.
